

INTRODUCTION

Even though everyone wants it, money is the one thing no one talks about. If you have too much of it, others might be jealous. If you have too little of it, you may be embarrassed. And, if you don't have enough of it, you live in fear. If that isn't confusing enough, you are also told "*Don't be fearful!*" "*Don't complain!*" "*Don't brag!*" and, most of all, "*Don't you dare tell anyone you want a ton of it!*" That's just plain shocking!

Is it any wonder, that money is a struggle?

What do you know about manifesting? What do you know about consciously choosing to create something you want and then using the tools you have mentally, emotionally and physically to create exactly what you want? You are going to have an opportunity to dig down deep and make changes at a subliminal level like you have never done before. For the next 30 days, you will be guided on a journey to not just explore money, but to manifest more money than you ever thought possible! No more complaining about it. Setting a goal and sticking to it.

INTRODUCTION

Demanding what you want with a new fury. No longer being ashamed, embarrassed, or worrying about what others think. If you want money - demand it! Claim it! And then you can manifest it and start living life with all the bounty that is available to everyone!

You may say you've already worked with your *abundance* issues; that you've taken lots of courses with little or no success, but it is time to put all that aside. It's time to start creating exactly what you want and it starts by admitting that you want it!

You will be visualizing, meditating, affirming, and focusing on the one thing you were told to just create and not think about. In the next 30 days, you are going to be thinking about it, talking about it, and resonating on it with the goal of creating it. A LOT OF IT! You will be led to learn, explore, and employ powerful techniques to program a whole new reality.

In this book, you will find visualizations, meditations, and daily exercises to expand your self-image and build a resonance of wealth. Can you imagine where you will be in 30 or 60 or 180 days, when you've been focusing all your energy and attention on accomplishing your money goals? In this program, you can be totally immersed in reaching your money goals by imagining, sensing, and ultimately believing that you are a millionaire, a multi-millionaire, even a billionaire, whatever level your self-image can handle. You can stretch your "money image" until you not only believe you are wealthy, but KNOW you are! And then the fun begins as gifts and surprises start showing up in your reality confirming that a new resonance is at work. People have reported things such as checks arriving in the mail, unexpected refunds showing up, interest rates going down on their mortgage and credit cards, finding dollars and coins in the middle of the sidewalk, and an overall increase in income and

savings in a very short period of time. But, that is just the beginning!

Can you imagine what will happen when you focus all your attention on manifesting money? How will you feel when you visualize and imagine a \$1,000,000 bank statement or multiple checks for \$100,000 each? It's time to step into your magical cloak and use the power of your mind to build a resonance that can create more money than you ever thought possible.

Are you up to the task? Are you willing to put your knowledge to work focusing on prosperity, focusing on abundance to move beyond limiting beliefs to create and manifest money? Are you willing to make a commitment with no going back? Because that is the kind of commitment it takes. Not just for 30 days, but for the rest of your life! If you're ready, then let's get started!
